Notice to Conditions of interment and Agreement to the Association Rules

Dear Sirs:

The cemetery is available only to those who have relatives buried in the cemetery. The family must contact the Association to select the burial plot available and it must be approved by the Association. Contact one of the Officers listed below.

Burial spaces allowed for use by the Association convey only exclusive rights of burial in those spaces. No actual real estate ownership is meant or implied. All property remains in the hands of the Association.

No franchise shall be given or sold at any price for services. The use of any burial space is limited to one human interment. Any use as burial of an urn will be considered as use of a burial space. The permanent fund shall receive, prior to or upon burial, of any person within the cemetery property, a reasonable burial fee to be set uniformly from time to time by the Association. Currently the fee is \$200. All obligations to the Association shall be paid for within one year unless arrangements are made with the Association. All burial usage will be conducted under the rules of the By-Laws and the Constitution and authorization of the Executive Committee.

The funeral home responsibilities include the following:

1. Prior to or upon burial, of any person within the cemetery property, a burial fee of \$200.00 is required. Generally the funeral home collects and pays over the burial fee to the Association.
2. Due to the water table a concrete vault is required.
3. The funeral home is responsible for contracting, scheduling and paying for the excavation by a contractor approved by the Association. Currently James Nelson (817) 481-3648 is the only contractor approved.

4. The funeral Home is responsible for scheduling the funeral and all aspects thereof. This includes not only notifying the Association but coordinating the activities with the adjacent Whites Chapel Methodist Church (817-481-4147). The cemetery has no parking and is bordered by fire lanes. Parking for guest is approved by the Whites Chapel Methodist Church which is not affiliated with the Association.
5. A permanent marker inscribed with the deceased name is required within one year of burial.
6. As a courtesy, a copy of the Death Certificate should be provided to the Association in a reasonable time period.
